

Madison Association of Psychological Type (MAPT)

April meeting (afternoon and evening)

When: Thursday, April 30th 2:30 – 5:00 and 6:15 p.m. – 8:45 p.m.

Where: 1 Financial Place Boardroom 8215 Greenway, Middleton, WI

What: A Deep Type Dive with the Magnificent 16: Parts I and II (part I is a repeat of the 8 types presented at the December presentation, part II will present the other 8 types)

Who: Presented by Scott Savage, President of MAPT

Ever want to know more about how the type dimensions come together to create whole types? Have you seen the **Magnificent 16?** This amazing program developed by type expert Danielle Poirier of Montreal, provides a multi-sensory experience into what it is really like to be each of the 16 types. In this program, we will sample some of the 16 types and you will come to know what it is really like to be someone else. This program transcends words and pictures by providing a rich type experience to get inside the mind and hearts of others.

We will look at all 16 types, eight in the afternoon and the other eight in the evening. In the afternoon, we will review the same types as we did in December. If you came to that program, you do not need to repeat this unless you choose too. At 6:15, we will begin the eight types that we did not discuss in December. You can experience yourself (everyone's favorite subject!), your spouse, co-workers or others. You will deepen your knowledge of type theory and the details and patterns of some of those Magnificent 16's! You may learn something new about your own type, and teach the rest of us how you are an exception to the 'rule'. Some folks have confirmed or reidentified their types from observing these fascinating clips.

Bring a guest. Anyone with a sensing preference will be admitted for half price!

Please **RSVP** to Lynne@SavageGroup.Biz by April 24th.

- No charge for MAPT members
- For guests: \$10 for both sessions (\$8 for your second guest) \$2 discount for APTi members. (no discount for attending only ½ of the program)
- Anyone with a preference for Sensing will be admitted for ½ price as our gift because we need you!

Join us for Type fellowship and to continue your development as a type maven!
